Quick Fix Extreme

With the Quick-Fix Extreme ventilating under frost you can install frosts without closure, which you normally have to mortar in, dry place.

Done with those annoying mortar splashes that require a lot of cleaning work or cause can give rise to complaints from your client.

The system consists of two parts. On a finely ruffled, micro perforated aluminum roll with acrylic coating, becomes wide non-perforated deck roll fixed in aluminum which protects the micro-perforations against water infiltration.

At the bottom is provided the ventilating under frost with an innovative adhesive strip that also allows on misted and cold pans.

- Colours: red (deck roller is brown) and black.
- Width: 320mm
- Package contents: 1 roll of Quick-Fix Extreme of 5 running meters and 40 stainless steel screws (4.5 x 80 mm) with washer and neoprene ring for fastening the princes (2 screws per frost).
